HOMEDÉC, the must-visit exhibition for all homeowners in Malaysia, ended its annual run in two states this year with happy winners and plenty of inspiring interior ideas!

Homeowners hailing from Penang and Kuala Lumpur sure had a fruitful experience at HOMEDÉC 2011 held in PISA and the Kuala Lumpur Convention Centre. With a host of exciting events and a comprehensive myriad of booths, the much-awaited exhibition once again offered fresh new ideas and the latest concepts for all interior needs.

Throng of people who visited the event were treated to a home extravaganza of designs, trends, products, materials and even interior services. What was distinctive this year was the 'Living Design' section in the Penang fair as it focused on how to execute proper space planning and how to choose the right furnishings for the living room. Over at the Kuala Lumpur Convention Centre, the special showcase on 'Bedroom Design' was one of the highlights of the exhibition. It brought homeowners valuable insights on the important factors to consider when planning for the bedroom. Says one of the visitors, Charmaine Low, enthusiastically: "The showroom of the bedroom was really interesting and inspiring!"

Spicing up the bedroom showcase was the Pose2Win Contest. This contest offered couples and newlyweds a chance to win a trip to Paris or Koh Samui by taking a creative shot with their other halves. The Grand Prize Winner of Pose2Win Contest, Oviyan A/L Ilancheran said, "If you want to decorate or renovate your home, HOMEDÉC is the place to go as you can find a huge variety of goods. I don't only get to buy things for my home but also, I was rewarded with a trip to Paris and it came just in time for my honeymoon trip!"

The next HOMEDÉC is held in PERSADA Johor Bahru from 22 to 24 July so if you've missed out on the previous two, you can still join in the excitement! Furthermore, the RM80,000 Cash Reward is still up for grabs so make your way to HOMEDÉC Johor Bahru in July!
