Latest ideas for the home

Award-winning exhibition returns to KL

For design ideas: The crowd at a previous Homedec exhibition.

THE award-winning Homedec exhibition is set to bring fresh ideas for proud home owners at the end of this month.

The event, which clinched the MACEOS Award for Best Consumer Exhibition recently, will be held from April 29 to May 2 at the Kuala Lumpur Convention Centre.

It will provide the latest home designs, trends, ideas, solutions, tips and the best products in the market for all home owners.

The four-day exhibition features more than 280 companies of all major exhibit categories for the home renovation, redecoration and refurbishment industry.

Altogether there will be over 810 exhibition

booths in six halls of the Convention Centre.

Homedec, organised since 2003, is the creator of fresh ideas and new concepts into home décor exhibitions.

This time around, 'Bedroom Design' takes centre stage and it will guide homeowners on the clever use of space, design elements and the many essentials for the bedroom.

Great giveaways, cash rewards and events await lucky visitors. There is even a dream escapade to Paris for a lucky couple!

The exhibition is open to the public. Entrance is free. Opening hours are from 10am to 8pm. For details, visit www.homedec.com.my or call 03-7982 4668.
