Discover Home Designs & Solutions with HOMEDEC

HOMEDec launched its first 2 exhibitions of the year in Penang, PISA (15 – 17 April 2011) and more recently at the Kuala Lumpur Convention Centre (29 April – 2 May 2011). Aply themed 'Discover Design', it helped homeowners of both states to discover home design solutions and needs, ideas and the latest for their home projects.

The exhibition is always creating fresh ideas and new concepts with the aim to educate and inspire homeowners on the latest designs, trends, materials, products, guides and even services. As a trendsetter for the interior lifestyle industry, HOMEDec provides home solutions for better living and connects homeowners to manufacturers, dealers and

suppliers of the interior design and home décor industry under one roof.

Both the exhibitions garnered throngs of visitors with a host of events and highlights throughout the exhibition days in the two states. In Penang, the 'Living Design' focused on creating, space planning and choosing the right furniture for the living room. The HOMEDec Contest and Special Reward programme organised in Penang also saw 14 lucky visitors winning fabulous prizes.

The exhibition at the Kuala Lumpur Convention Centre showcased a special feature on 'Bedroom Design' which highlighted some important elements to consider when

planning or redesigning the sleeping space. The HOMEDec Contest in Kuala Lumpur gave away the Grand Prize worth RM10,000 in cash plus RM20,000 in Sliderdobe cash vouchers.

This year, HOMEDec is giving away a total of RM80,000 in cash to visitors of HOMEDec both in Penang and Kuala Lumpur, as well as the upcoming exhibition in PERSADA Johor Bahru from 22 – 24 July 2011.
